ABOUT US

VEGA FX PROFILE

Established in January 2016 VEGA FX Consulting is one of the leading Forex Risk Management Providers in South India. By collaborating with some of the leading corporate companies in South India and providing the right mix of qualitative and quantitative services at cost effective prices, Vega FX has taken its first right step and is looking to grow and expand beyond boundaries in the years to come

We believe in adding and creating value to our clients and that has been our motto. Whether it is minimizing the costs, maximizing the revenue, managing the risks or procuring finances to our clients through Syndication or private equity, we have stood our ground and have got the best deals for our clients with sincere commitment and consistency.

We aim to provide a complete solution to our clients which are not only need based but quantifiable solutions which are executable, profitable, reliant and consistent. We at VEGA FX strive to understand the clients needs and risk appetite and device a tailor made strategy which is dynamic and innovative in the constantly evolving Forex Markets.

VEGA FX COMMITS TO TRUST AND RELIABILITY IN OFFERING ITS SERVICES TO ITS CLIENTS.

Vega FX
Creating Values

We advise the clients on all the matters related to Foreign Trade, whether it is related to Foreign Trade Policy, Customs, Foreign Trade Agreements or foreign Trade Finance.

A detailed transaction review is conducted with respect to foreign trade transactions with the objective of:

- a) Optimising the benefits / exemptions / incentives under various policies and Law
- b) Comply with the statutory requirements for various regulatory bodies.

The outcome is a fully structured mapping of transactions and guidance report for a hassle free claim of benefits and to meet the compliance.
